HOLD Dates for Hopi HAMP meeting with Hopi Utility Corporation, Indian Health Service, USDA-RD and US EPA Region 9

Hello All,

I think I've narrowed the dates down to either September 6th or 7th for everybody's availability for a meeting to discuss the Hopi Arsenic Mitigation Project. Please hold these dates. I will finalize the date and time the first week of August.

Date/Time:

Please let me know if you have a preference for either the 6th or 7th. Meeting time will be determined based on the agenda and everybody's availability.

Agenda:

TBD – I will try to circulate a draft agenda towards the second week of August.

Location: USDA has offered up their state office in Phoenix to host.

Who: Please add any other invitees from your respective agencies that are integral to the project.

Thanks for everybody's help to arrange this.

Emmanuelle
